

Dr Stephen
Ford

Dr Stephen Ford MBBS (Hons), FRANZCP, Cert POA is a Consultant Psychiatrist who strives to provide individualised and compassionate care to all patients. He works collaboratively with other health professionals to provide multidisciplinary care.

A Western Australian trained Psychiatrist, Stephen holds subspecialty training in the care of older adults.

Although his practice is primarily outpatient-based, he also facilitates patient admissions to the Marian Centre.

Stephen's areas of interest and expertise are:

- Anxiety disorders
- Mood disorders: depression and bipolar disorder
- Treatment resistant illness
- Psychopharmacology
- Neuropsychiatry including diagnosis of dementia and management of associated behaviours; and the

psychiatric complications of neurological disorders such as Parkinson's disease

He does not specialise in Attention Deficit disorders or Medicolegal matters.

Stephen has worked extensively across the public sector in Western Australia. He was previously the clinical lead of the community team at Selby Older Adult Mental Health Service. Until recently he worked at Sir Charles Gairdner Hospital on the Consultation-Liaison service providing psychiatric care to hospitalised older adults. He has been in private practice since 2013, caring for adults and older adults between the ages of 18 and 108.

He is a member of the European College of Neuropsychopharmacology.

To arrange an appointment or referral, please contact the Marian Centre's consulting suites by calling 9486 7399 or faxing 9381 2612.
